

# TRAFFIC CONTROLLER

## 21783VIC Course in Traffic Control—VBQU506 Use stop-slow bat to control traffic

### COURSE CONTENT

This course is designed to adhere to the traffic controller requirements implemented on 1/7/2008 and recognised as VicRoads as the minimum training standards required for operators of stop-slow bats on construction and road sites.

### TOPICS INCLUDE:

- OH&S awareness
- Planning of Traffic Control
- Design
- Installation
- Operation
- Removal
- Radio Usage
- Stop / Slow batten use

### BENEFITS OF TRAINING:

- Students awareness of hazard management issues
- OH&S issues covered
- Learning of visual communication between road worker and user
- Warning at hazards
- Designing of road planning site map
- Stages of traffic control
- Signs and devices

### ADDITIONAL INSTRUCTIONS:

Due to the current course guidelines, students that complete this training course will have partly completed the requirements under the VRQA guidelines and will be issued with a statement of partial completion.

In order to obtain the certificate of competency students must:

- undergo an additional practical based assessment within 6 months from the date the course was undertaken
- maintain a logbook of their traffic control experiences that can be verified by their supervisor
- provide written evidence from a third party, such as the site supervisor

Once the above requirements have been fulfilled, COVE Training can issue a certificate of completion in the nominated module

### PRE REQUISITES

Although it is not a requirement to sit this course, a Red Card or Construction Induction card may be required by the principal contractor of the worksite

### EXPIRY DATES

Students must be aware that there are two expiry dates associated with this training course.

1. Students must undergo their practical assessment within 6 months of undertaking the course otherwise they will be required to sit the whole course again
2. The qualification is valid for 3 years from the date of the course. A refresher course will need to be undertaken in order to maintain the qualification after that date.

### COURSE COSTS

\$195.00 (Includes letter of partial completion, issue of the log book, issue of temporary controllers card, as well as issue of the full certificate upon the completion of the practical assessment)

Practical Assessment: \$50.00 (if required)

### COURSE DURATION

1 X 7 hour session

### COURSE LOCATIONS

COVE Seaford  
COVE Cranbourne  
COVE Pakenham

Or your own worksite can be arranged by mutual agreement.
